

ECERS International Network 2026 – Call for Papers

Dear Colleagues and Friends,

We hope this email finds you all safe and well. We are delighted that our 2026 ECERS International Network meeting will take place in the fascinating city of Oslo. This is the first time the meeting will be held in Norway and Oslo will not disappoint. We are grateful to our colleagues at OsloMet University, particularly Elisabeth Bjørnstad for hosting.

We are delighted to issue this CALL FOR PAPERS. Please circulate the Call and the attached poster around your networks and encourage your colleagues to come along for an exceptional event. The meeting will be held Tuesday 19 - Friday 22 May (19 travel day with an evening 'Welcome Reception'). The ERASMUS programme could be a source of funding for this meeting.

Please find below the form for submitting an abstract. Provisionally presentations will be approx. 20 minutes followed by questions/discussion. There will also be an opportunity for poster presentations. **We hope that you will consider submitting a paper/poster and encourage others to do so.** Further details will follow.

The registration fee will be 170 Euros and Oslo is well connected for international travellers. We strongly recommend you book your accommodation early, noting there is no student accommodation available for the meeting. There is, however, accommodation within walking distance of the venue, in all price ranges. We recommend the following:
